## Project Design Phase-II Technology Stack (Architecture & Stack)

| Date          | 31 January 2025       |  |
|---------------|-----------------------|--|
| Team ID       | SWTID1741167303147192 |  |
| Project Name  | Rhythmic Tunes        |  |
| Team Leader   | Leelakumari S         |  |
| Team Member 1 | Sreenidhi M           |  |
| Team Member 2 | Sharmila L            |  |
| Team Member 3 | Parveena L            |  |
| Maximum Marks | 4 Marks               |  |

## **Technical Architecture:**

The Deliverable shall include the architectural diagram as below and the information as per the table 1 & table 2

**Example:** Rhythmic Tunes

Reference: <a href="https://open.spotify.com/">https://open.spotify.com/</a>

**Table-1: Components & Technologies:** 

| S.No | Component           | Description                             | Technology                            |
|------|---------------------|---|---------------------------------------|
| 1.   | User Interface      | Web-based interface for music streaming | HTML, CSS, JavaScript / React Js etc. |
| 2.   | Application Logic-1 | Music streaming and metadata management | React js, Node js                     |

| S.No | Component           | Description                             | Technology                            |
|------|---------------------|---|---------------------------------------|
| 1.   | User Interface      | Web-based interface for music streaming | HTML, CSS, JavaScript / React Js etc. |
| 3.   | Application Logic-2 | Playlist and user preference management | React js, Node js                     |
| 4.   | Database            | Stores Songs, playlists, and metadata   | JSON Web Server                       |

## **Table-2: Application Characteristics:**

| S.No | Characteristics        | Description                           | Technology                                 |
|------|------------------------|---------------------------------------|--|
| 5.   | Open-Source Frameworks | Frontend frameworks                   | React.js, Node.js, BootStrap, Tailwind CSS |
| 6.   | Scalable Architecture  | 3-tier architecture with RESTful APIs | Microservices                              |
